

VpCI® Additives for Deicing Salts and Fluids

Simple. Clean. Efficient.

Often it is necessary to use corrosive seawater, brine solutions, or deicing chemicals for industrial applications, but these can create a major problem for any metals in the system. Cortec® offers additives to combat these highly corrosive fluids containing salts.

Cortec's corrosion-inhibiting additives come in powder and liquid options that can be added directly to the deicing or brine solution to protect metals exposed to the corrosive elements. Additives for deicing salts conform to Pacific Northwest States DOT requirements for deicing additives and are non-toxic, environmentally friendly, and free of chromate, nitrite, or phosphate inhibitors.

Possible Applications

- Deicing fluids
- Ballast tanks
- Distillation towers
- Cooling towers
- Hydrostatic testing with seawater

VpCI® additives form a thin molecular corrosion inhibiting layer that adsorbs on the surface of the metal, protecting against water, chlorides, or other corrosive contaminants in the environment, or neutralizing harsh salt build-up. These additives provide multi-metal protection for many different cleaning and deicing applications.

Selection Guide for Deicing Salt and Fluid Additives

FlashCorr® VpCI®: A highly effective, non-toxic, environmentally safe cleaner that removes and neutralizes even the harshest of salt build-up from any metal surface. It has a unique ability to neutralize and remove salt deposits such as sodium chloride and other deicing salts, as well as protect from flash rust. Contains 64% USDA certified biobased content. Package: 5 pound (2.3 kg) pails, 50 pound (23 kg) and 100 pound (45 kg) fiber drums.

M-605: Corrosion inhibitor additive for deicing salt and brine solutions. Protects ferrous and aluminum-based alloys. Liquid (L) and USDA certified biobased Powder (PS) versions available. Package: M-605 L is available in 5 gallon (19 liter) pails, 55 gallon (208 liter) drums, liquid totes, and bulk. M-605 and M-605 PS are available in 5 pound (2.3 kg) pails, 50 pound (23 kg) and 100 pound (45 kg) fiber drums.

	METALS PROTECTED							ATTRIBUTES					
Product	Carbon Steel	Stainless	Galvanized	Aluminum	Brass	Copper	Bronze	Physical State	Transport Mechanism	Solubility	Degree of Protection	Typical Applications	Typical Dosages
M-605	x	x						Powder	Contact	Water	Flash	Deicing Fluid / NaCl	0.3-5% by weight
M-605L	x	x						Liquid	Contact	Water	Flash	Deicing Fluid / MgCl ₂	0.3-5% by weight
M-605PS	x	x		x				Powder	Contact	Water	Flash	Deicing Fluid / CaCl ₂	0.3-5% by weight
FlashCorr®	x	x		x				Powder	Vapor Phase & Contact	Water	Flash	Rinse/Wash	0.05-2% by weight

Cortec® Corporation

Quality Management System (ISO 9001 Certified)

World Class Product Offerings

An innovative producer of leading edge products.

World Class Customer Service

A positive, long-lasting impression through every link of our company.

World Class Environmental Commitment

Cortec® commits to continued development of processes and products that are useful, non-hazardous to the environment, and recyclable whenever possible.

An Ethical and Respectful Company Culture

Respect and treat our colleagues, customers, and vendors as we would our own family members.

Environmental Management System (ISO 14001 Certified)

Cortec's strong environmental concern is demonstrated in the design and manufacturing of products that protect materials of all kinds from environmental degradation. A strong commitment to produce recyclable products made from sustainable resources has been and will be our future policy. This brochure can be recycled.

Laboratory Accreditation (ISO/IEC 17025)

Cortec® Laboratories, Inc. is the only lab in our industry that has received ISO/IEC 17025 Certification, which ensures quality in recording and reporting data, as well as calibrating equipment within the laboratory.

LIMITED WARRANTY

All statements, technical information and recommendations contained herein are based on tests Cortec® Corporation believes to be reliable, but the accuracy or completeness thereof is not guaranteed.

Cortec® Corporation warrants Cortec® products will be free from defects when shipped to customer. Cortec® Corporation's obligation under this warranty shall be limited to replacement of product that proves to be defective. To obtain replacement product under this warranty, the customer must notify Cortec® Corporation of the claimed defect within six months after shipment of product to customer. All freight charges for replacement product shall be paid by customer.

Cortec® Corporation shall have no liability for any injury, loss or damage arising out of the use of or the inability to use the products.

BEFORE USING, USER SHALL DETERMINE THE SUITABILITY OF THE PRODUCT FOR ITS INTENDED USE, AND USER ASSUMES ALL RISK AND LIABILITY WHATSOEVER IN CONNECTION THERE WITH.

No representation or recommendation not contained herein shall have any force or effect unless in a written document signed by an officer of Cortec® Corporation.

THE FOREGOING WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. IN NO CASE SHALL CORTEC® CORPORATION BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.
